JTW NEWS

Dear Valued Customers,

At J.T.W., we deeply appreciate your continued support as our esteemed partners in the vibrant beverage industry.

Over the past year, despite our efforts to combat inflation and keep prices competitive, escalating delivery costs necessitate an adjustment to our Minimum Order Amount (MOA) for free delivery to Hong Kong Island areas, increasing from $800HKD to $1000HKD per order, effective 1st Jan 2024 (Kowloon and NT areas MOA remain the same). This decision, made with reluctance, is crucial to sustaining our commitment to quality service amid rising operational expenses.

J.T.W. remains dedicated to delivering excellence without compromising your experience. We apologize for any inconvenience and genuinely thank you for your understanding as we navigate these challenges together.

尊敬的客戶：
在J.T.W.，我們深感謝您一直以來在飲料行業中對我們的持續支持，您是我們尊敬的合作夥伴。儘管過去一年我們竭盡努力應對通脹，保持價格競爭力，但由於遞送成本不斷上升，我們不得不調整我們的免費送貨至香港島區域的最低訂單金額（MOA），由每單800港幣調整為1000港幣，生效日期為2024年1月1日（九龍和新界地區的最低訂單金額保持不變）。這一決定對於在不斷上升的運營開支中保持我們對優質服務的承諾至關重要。
J.T.W. 仍然致力於提供卓越服務，冀望不會影響到您的體驗。我們為帶來的任何不便深感歉意，並衷心感謝您在我們共同應對這些挑戰時的理解。誠摯感謝，

Thank you for your attention.

MOSKOVSKAYA

With over 100 years of vodka-making expertise, Moskovskaya is still made to our authentic, original recipe. With supreme smoothness and vibrant flavour, Moskovskaya is perfect for mixing in cocktails or served chilled as a shot.

Our original recipe stands out thanks to its high-quality ingredients including wheat for a silkier texture and spring water from our own artesian wells. We triple distill then slowly filter through quartz sand and charcoal for maximum flavour.

Made in Riga, Latvia*, award winning Moskovskaya is a great addition to a bar menu for consumers who are searching for quality vodka that has delighted for over 100 years.

*all ingredients and materials are sourced from within the EU

TASTING NOTES

Aroma: Clean, bright notes of citrus, light aniseed and spice.

Taste: A fresh, silky mouthfeel, soft spearmint sweetness with notes of green apple and cracked pepper.

Żubrówka, the legendary Polish vodka, is pure, unique and authentic because for centuries it was made of ingredients from Białowieża Forest. Over 500 year-long tradition of hand picking, sifting and desiccating is the source of Żubrówka's Bison Grass unique flavor. Intricate production process during which vodka matures in oak barrels with bison grass macerate culminates with inserting, always by hand, a blade of grass in each and every bottle.

A GIN LIKE NO OTHER

BROCKMANS®
PREMIUM GIN

BROCKMANS is like no other gin.
It is intensely smooth with a soft, fruity character derived from the carefully selected botanicals used in distillation. Italian juniper berries provide pine, lavender and camphor notes. Spanish lemon and orange peel add zesty citrus. But the unique use of dried wild blueberries and blackberries give Brockmans its most distinctive flavour.

UNLOCK THE BALTIC TASTE

Cross Keys is characterized by rich sweetness of wild flowers and trees blooming in short Northern summers. It is joined by the sappy explosion of birch buds and a refreshing hint of mint on the one hand, and anchored by classical spices like black pepper and cloves on the other.

CANTERA VERDE MEXICAN GIN

(Mezcal Cask Finish) 70CL $280

Cantera Verde is Oaxaca in a bottle.

A modern Mexican Gin
for those who look for authenticity.

Cantera Verde is a new fresh mexican gin, with a distinctive flavor and a subtle touch of agave; finished in mezcal barrels. The images of "alebrijes" are captured on large cubes of green stones that allude to the famous green quarry of Ixcotel.

EL GIN A LA MEXICANA

Born in the land of mezcal, black mud and alebrijes - the original región of Zapotecan culture.

PROCESS

Cantera Verde is produced in the warm land of Oaxaca.
Juniper and Cardamom flavors are mixed in this crisp liquid,
which rest for a short time (1 month) in mezcal casks.
The result, a fresh gin with notes of GREEN AGAVE.
Not smoky

SELECTED CARIBBEAN RUM

Barbuda is a small island located in the Eastern Caribbean forming part of the sovereign Commonwealth Nation of Antiqua and Barbuda. The island lies between the Caribbean Sea and Atlantic ocean and is an exotic and luxurious destination. Here you will find a rich history to explore and some of the world's finest rums.

History of rum production dates to late 1700s when sugarcane was first introduced to the island and quickly became the main crop produced on its plantations. Sugarcane by products, such as molasses or sugarcane juice, are the primary ingredients in the production of rum by a process of fermentation and distillation.

Barbuda Rum is an original blend of finest Caribbean rums enriched with different spices.

VANUA RUM FROM THE FIJI ISLANDS

Vanua rum is a 3 to 5 years old rum blend produced from hand-cut sugarcane that leads to a richer cane juice.

In Fiji, “Vanua” is an essential concept of indigenous culture, it means “the land to which you identify yourself”, a strong term that fits perfectly with this rum.

ROOSTER ROJO BLANCO

Rooster Rojo Blanco is a classic traditional white tequila, initially sweet but swiftly followed by a subtle yet distinct peppery spice. Tequila Blanco is perhaps the most familiar type of tequila consumed around the world.

AROMA	TASTE	FINISH
fresh, lively, citrus	sweet, peppery	medium length, smooth, strong yet pleasant

100% BLUE WEBER AGAVE

We harvest throughout the year both in the Tequila region and in the Los Altos de Jalisco (Jaliscan Highlands) region.

MEXICAN SILVER

Our water treatment process, based on filtration by resins, activated carbon with silver ions and reverse osmosis, gives our tequilas ultra-pure water without minerals.

ROOSTER ROJO MEZCAL IS PRODUCED FROM ESPADIN AGAVES, ALSO KNOWN AS **MAGUEY ANGUSTIFOLIA.**

OUR MASTER DISTILLER AND MASTER BLENDER WORKED CLOSELY WITH LOPES SOSA PALENQUE TO DEVELOP A LIQUID WHICH IS SPOT ON FOR MEZCAL LOVERS AROUND THE WORLD.

ROOSTER ROJO MEZCAL IS HANDCRAFTED BY LOPES SOSA PALENQUE, A SMALL CRAFT DISTILLERY IN SAN JUAN DEL RIO OF OAXACA, IN MEXICO. EACH BOTTLE IS SIGNED BY THE MAESTRO MEZCALERO (THE MASTER MEZCAL MAKER) RODOLFO LOPEZ JUAN WHICH CONFIRMS THAT HE HAS BEEN FOLLOWING THE CORRECT PRODUCTION PROCESSES AND SIGNIFIES HIS APPROVAL THAT THIS LIQUID IS PERFECT FOR MEZCAL AFICIONADOS AROUND THE WORLD. THE BOTTLE IS DARK, SIMILAR TO TRADITIONAL CLAY BOTTLES. THE PURPOSE OF THIS IS TO PREVENT THE LIQUID BEING AFFECTED BY DIRECT SUNLIGHT AND TO ENSURE IT IS NOT VISIBLE TO THE 'BAD EYE' BEFORE CONSUMPTION. A TRADITIONAL OAXACAN BELIEF.

HONG KONG & MACAU

BY LAUNCHING ROOSTER ROJO MEZCAL WE STEP INTO ANOTHER LEVEL OF ROOSTER ROJO BRAND DEVELOPMENT. WHILE TEQUILA IS WIDELY AVAILABLE GLOBALLY, MEZCAL IS IN ANOTHER LEAGUE AND IS BEING SOLD IN VERY SMALL QUANTITIES; THERE IS NO INDUSTRIAL PRODUCTION FOR THIS SPECIAL LIQUID. ALMOST 100% OF ALL MEZCAL PRODUCTION IS CRAFT PRODUCTION, USING TRADITIONAL PRODUCTION METHODS - THE TAHONA WHEEL (PICTURED) AND LOTS OF MANUAL LABOUR.

MEZCAL IS PURE TRADITIONAL DRINK FROM RURAL MEXICO. THE PUREST YOU CAN GET IN TERMS OF AUTHENTICITY AND HISTORICAL PRODUCTION TRADITIONS, PASSED ON FROM GENERATION TO GENERATION. IT HAS THE CLOSEST CONNECTION WITH PEOPLE, WHO HAVE BEEN HAND-MAKING IT FOR YEARS, ACCORDING TO THEIR OWN TRADITIONS AND KNOW-HOW. IT IS THE PUREST EXPRESSION OF THE DRINK, REVEALING THE CORE, THE SOUL OF MEXICO.

IT IS NO SURPRISE THAT ROOSTER ROJO MEZCAL IS PRODUCED AT LOPES SOSA PALENQUE WHICH WAS ESTABLISHED BY THE FATHER OF OUR MASTER DISTILLER. NOW HE IS STEPPING INTO THE PRODUCTION PROCESS ON HIS OWN, WITH ROOSTER ROJO BEING HIS FIRST INDEPENDENTLY DEVELOPED BRAND.

THE LIQUID IS MADE USING TRADITIONAL UNDERGROUND OVENS TO COOK THE AGAVES. COPPER POT STILLS, SEALED WITH LOCAL CLAY ARE USED FOR THE DISTILLATION OF THIS PRECIOUS ARTISANAL LIQUID. OPEN WOODEN VATS, COVERED WITH AGAVE FIBRES, ARE USED FOR FERMENTATION.

MEZCAL IN TRADITIONAL MEXICAN CULTURE IS A SPECIAL DRINK. PRODUCED IN SMALL QUANTITIES IN A TRADITIONAL MANNER, IT IS KEPT TO CELEBRATE OR MARK VERY SPECIAL AND IMPORTANT FAMILY OCCASIONS SUCH AS WEDDINGS, BIRTHS, DEATHS, FAMILY REUNIONS AND OTHERS. IT IS A PART OF NATURAL LIFE CYCLE OF PEOPLE LIVING MAINLY IN COMMUNITIES IN THE HARSH AND MOUNTAINOUS SURROUNDINGS OF SOUTHERN MEXICO. AS A DRINK, IT IS A GIFT FROM THE SUN, AS THE ENERGY WHICH WAS CAPTURED BY THE AGAVE PLANTS OVER MANY YEARS IS RELEASED IN A PURE LIQUID EXPRESSION. THAT IS WHY IT CAN NOT BE CONSUMED IN A RUSH, BUT WITH RESPECT ENSURING THAT PEOPLE ENJOY EVERY SIP OF IT, UNDERSTANDING HOW MUCH WORK, LOVE AND CRAFTSMANSHIP ARE NEEDED TO CREATE EVERY DROP OF THIS WONDERFUL GIFT FROM MOTHER EARTH.

ROOSTER ROJO MEZCAL SPECIFICATIONS:

ROOSTER ROJO SMOKED PINEAPPLE

INFUSED ANEJO TEQUILA

Hispanic - Inspired Beverages

The need of heat:
Hot, smoked and sour notes

Fresh and exotic fruits: Pineapple, coconut, guava, plantain, prickly pear and pomelo (grapefruit)

Spices, botanicals and extracts:
Chili, Amarillo, hibiscus, cayenne and coriander

Rooster Rojo uses only RED SPANISH PINEAPPLES for its newest infusion due to the exceptional taste profile it provides. No other varieties can match this particular variety for the amount of flavor and aroma which perfectly mixes with Tequila notes.

THE STORY

ROOSTER ROJO MASTER DISTILER ARTURO FUENTES EXPERIMENTED WITH VARIOUS PINEAPPLES AND DIFFERENT ROAST LEVELS FOR OVER 1 YEAR UNTIL PERFECT VARIETY AND SMOKINESS WAS FOUND. BLENDED WITH ROOSTER ROJO ANEJO TEQUILA IT GIVES AN EXCEPTIONAL RESULT: SMOOTH BUT SUBTLE DRINK WHICH CAN BE ENJOYED NEAT OR ON THE ROCKS, OR IN VARIOUS COCKTAILS.

TEQUILA MI CAMPO

IT'S NOT A LABEL IT'S A LIFESTYLE

Dope tequila is about more than a fancy label. It's about passion, and never being afraid to shake things up. This design, by Mexico City artist Raul Urias, is our constant reminder.

AGAVE SPEARS
There's no substitute for the real thing. 100% Blue Weber agave is the lifeblood of Mi CAMPO.

MAYAHUEL
Our little tribute to the history of agave among the Aztecs and other cultures of Central Mexico.

CALAVERA
Why? Because sugar skulls are pretty sweet.

HEART
Boom-boom. That ceaseless beat is a reminder that life is to be seized, driving us to dream bigger and live louder.

VINES
Like these vines, we gently squeeze the agave piñas so there's no trace of bitterness in our tequila.

BARREL
We turn up the flavor by aging our tequila in Napa Valley wine barrels. That's where it gets its smooth taste.

DAHLIA
Wreck the environment, no more tequila. Simple as that. This flower, the national flower of Mexico, is our constant reminder.

HANDS
A tribute to all the makers of our tequila, who offer you this gift of an unabashedly good time.

Please enjoy responsibly. © 2015 Jackson Family Wines, Inc. Santa Rosa, CA. Tequila 40% Alc./Vol.

KAH TEQUILA

JTW TQ7022

KAH

ANEJO TEQUILA 70CL $680

The black and white skull design is inspired by the Nicaraguan Día de los Muertos traditions who take the ritual of shrine building and gift giving to the next level. Many people spend the night and have a meal in the graveyard with their loved ones to re-enforce the emotional connection between them and the deceased.

JTW TQ7020

KAH

BLANCO TEQUILA 70CL $480

The white skull is inspired by the Bolivian tradition of Día de los Muertos celebration. The skulls of loved ones are kept and brought out on November 8th each year. The skulls are carried to the cemetery where they've given cigarettes and tequila believing that it immortalizes the dead who then protect the living from evil spirits.

JTW TQ7021

KAH

REPOSADO TEQUILA 70CL $580

The red and yellow skull design is inspired by the Peruvian celebrations of Día de los Muertos where a dance to Satan is performed wearing long, dangling upturned crucifixes. It is believed that Satan himself leads the dance. The dance is performed in honor of the devil & tequila is poured on the ground as an offering to appease him and keep people safe.

KAH TEQUILA

DAY OF THE DEAD TEQUILA

REPOSADO

KAH Tequila Reposado is made from 100% Blue Agave and aged for more than 2 months in American Oak casks, bottled at 40% ABV (80 proof).

INSPIRED BY TRADITION

This devilish bottle design takes its cues from Day of the Dead celebrations that take place in parts of Peru. During the ritual to honor the Devil, tequila is poured on the ground as an offering to appease him and keep people safe.

KAH MEANS "LIFE"

"KAH" translates to "life" in the ancient Mayan language, and Day of the Dead, Dia de los Muertos, in fact, is a celebration of lives lived.

WINNER OF MULTIPLE TASTE AWARDS

Made in Jalisco, Mexico from hand-selected 100% Blue Weber agave. Aged in American oak barrels. Recognized by tequila lovers & industry experts with more than 20 awards and accolades received.

TASTING NOTES

Full bodied and viscous with intense flavor of agave and hints of vanilla and caramel. Aged for at least 2 months in American oak barrels.

KAH TEQUILA

DAY OF THE DEAD TEQUILA

BLANCO

KAH Tequila Blanco is a double distilled, un-aged Tequila made from 100% Blue Agave and bottled at 40% ABV (80 proof).

INSPIRED BY TRADITION

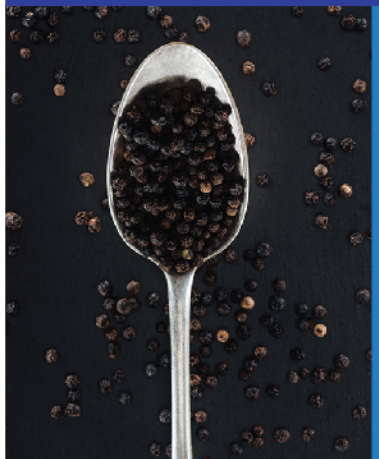
The design of the KAH Blanco bottle is inspired by the Bolivian tradition of the Day of the Dead celebration in which actual skulls of loved ones are kept and brought out on November 8th of each year.

KAH MEANS "LIFE"

"KAH" translates to "life" in the ancient Mayan language, and Day of the Dead, Dia de los Muertos, in fact, is a celebration of lives lived.

WINNER OF MULTIPLE TASTE AWARDS

Made in Jalisco, Mexico from hand-selected 100% Blue Weber agave. Recognized by tequila lovers & industry experts with more than 20 awards and accolades received.



TASTING NOTES

Initially sweet but quickly followed by peppery spice. Silky and delicate, a sachet of spices fans out on the palate.

KAH TEQUILA

DAY OF THE DEAD TEQUILA

AÑEJO

KAH Tequila Añejo is made from 100% Blue Agave and is aged in American Oak casks for at least 12 months, bottled at 40% ABV (80 proof).

INSPIRED BY TRADITION

In addition to the standard traditions of building a shrine and gift-giving, many people linger and sleep in the graveyard believing that it re-enforces the emotional connection between them and the deceased.

KAH MEANS "LIFE"

"KAH" translates to "life" in the ancient Mayan language, and Day of the Dead, Dia de los Muertos, in fact, is a celebration of lives lived.

NOTES :

The Whisky Blues

INDEPENDENT BOTTLER

HAILING FROM TAIWAN, THE WHISKY BLUES ISN'T YOUR AVERAGE BOTTLER. THEY'RE STORYTELLERS, CAPTURING THE RAW SOUL OF RARE CASKS IN EVERY DRAM. FORGET MAINSTREAM NAMES – THEIR FOCUS IS ON QUALITY, AGE, AND UNIQUE CHARACTER. IMAGINE 44 YEAR OLD INVERGORDON WHISPERING TALES OF HIGHLAND PEAT, OR 29 YEAR OLD IRISH WHIS PERS (RUMORED BUSHMILLS) HUMMING ON HONEYED FRUIT. THESE AREN'T WHISKIES FOR FLEETING TRENDS, THEY'RE FOR SAVORING, FOR CONVERSATIONS THAT STRETCH INTO SMOKY NIGHTS. JOIN THE MELODY AND RAISE A GLASS TO THE WHISKY BLUES – WHERE EVERY SIP IS A SOULFUL SERENADE.

CREATED BY THE EXPERTS SIMONE CAPORALE AND LUCA MISSAGLIA

in collaboration with the Santoni family

AMARO
SANTONI

Amaro Santoni
Perfect as an aperitif, delicious after a meal, extraordinary in cocktails.
Created by the experts Simone Caporale and Luca Missaglia, in collaboration with the Santoni family, Amaro Santoni is a liqueur of the highest quality, based on 34 herbs and inspired by one of Gabriello Santoni's most heartfelt and personal recipes.
It is a product made exclusively with the infusion of natural ingredients.
Synonymous with carefreeness and conviviality, it is designed for those who love life and all its pleasures.

A REVIVAL OF THE ITALIAN CLASSIC RATAFIA

The origin of Ratafia goes back to the Piedmont region dated back around 1600, first created by the Cistercian friars who spread it throughout Italy and especially in Abruzzo.

The Ratafia spread enormously for use in propitiatory or sealing rites for the successful outcome of commercial transactions or signing of agreements.

Known as the liqueur of the notaries who concluded the stipulations with the phrase "ut rata fiat," which means the deed be ratified.

BONJOUR RUBY RED

Crafted on the banks of the River Charente in the Cognac region of France, Pampelle Ruby l'Apéro is an artisanal, versatile liqueur capturing the bittersweet essences of the Ruby Red Grapefruit – the world's first.

An artisanal infusion of natural botanicals, maceration of citrus peels, Eau de Vie together with Ruby Red Grapefruit from the Mediterranean Island of Corsica. The taste is fresh and reminiscent of the south of France, capturing the emotion of the Mediterranean lifestyle, whilst being underpinned with French craftmanship.

OTTO'S ATHENS VERMOUTH

CRAFTED IN ATHENS ENJOYED UNDER THE SUN

JTW-VM3010

A few steps away from Otto's house, on the upper floor of a neoclassical building under the buzz of a one of the top 50 bars of the world, a passionate team revived the great times of Athens Vermouth and crafted the first bottle of Otto's Athens Vermouth. High quality Greek wine infused with rose petals, wormwood, citrus fruit, olive leaves and herbs grown under the sun of Athens such as oregano and angelica, creating a uniquely Greek flavor.

Enjoy in a wine glass with tonic, Prosecco and ice. Under the sun, of course.

The Sherry triangle, made up of Jerez de la Frontera, El Puerto de Santa Maria and Sanlucar de Barrameda, has a unique microclimate influenced by the surrounding Atlantic Ocean and Guadalquivir and Guadalete rivers.
Production is dominated by the Palomino variety, and vines are planted in the white Albariza soil, with high chalk content which is excellent for retaining moisture.
All sherries are aged following the traditional Solera system where the wines are blended in 600 litre American oak casks.

SOMONTANO

Somontano, literally meaning 'under the mountain', is a little known but breath-takingly beautiful area of Northern Spain, nestling in the foothills of the Pyrenees that form the border with neighbouring France.
Dramatic canyons, and gushing rivers in deep ravines. Medieval villages and lonely monasteries atop rocky hilltops.
To say it is an area of dramatic contrasts is an understatement, both in its landscape and its wines.

VINTAGE
The 2016 growing year can be described as dry and mild. Rainfall was below the average for the decade and came irregularly:autumn was dry, winter and early spring were very rainy and the last five months of the spring-summer were very dry, with norain at all form 22nd May to 13th September. This did mean that the grapes were very healthy, with no complications from fungalattack. The harvest began on 24th August and ended on 11th October, after a long 49 days of picking, something which is quiteusual in Somontano given the wide range of grape varieties grown there and the variety of soils types and weather conditions. The 2016 harvest was staggered and unhurried, with just one day of rain. As the vines had sufficient leaf canopies and remained perfectly healthy right through to the end of the harvest, the grapes ripened gradually until they developed good suger levels, with no health problems to disrupt the normal rhythm. The way the last phase the growing cycle played out, together with the healthy state of the grapes meant that the wine could be made slowly and unhurriedly, taking every step needed to extract its maximum potential. The 2016 harvest wines will generally be brightly coloured with modest alcohol levels, intense aromas, distinct flavours and pleasant textures.

VINEYARD
The different vineyards from which we obtain the grapes to produce this wine were planted between 1987 and 1989 in a dryland area with sandy loam soils. The average altitude is 405 meters above sea level and are oriented from north to south for a better sun exposure.

WINEMAKING
The tempranillo vineyards were harvested during the second week of september, whilst the cabernet sauvignon grapes were picked a week later. In both cases the grapes were destemmed and crushed before being chilled and placed in vats. The must was then left to macerate on its skins for 48 hours before starting the fermentation process, which lasted 14 days. Once fermentation had finished wine was drawn off, with only the free-run juice being used to make the final coupage, which was barrel aged for eight months, after which it was filtered and bottled.

WINEMAKER'S NOTES
Viñas del Vero Crianza shows a bright appearance, with an intense garnet colour. On the nose offers expressive and strong aromas, ripe red fruit and elegant toasted that shows the noble character of an excellent aging. The sensations in the mouth starts with a gentle attack, followed by a kind explosion of flavour. The persistence is long and elegant, leaving a pleasant memory that extends over time.

SERVING SUGGESTIONS
The proper service temperature is 15-17ºC, being the perfect wine to accompany red meats, small game, spicy stews, tasty fish and cheese.

Composition: Garnacha and Syrah.
Harvest date: Last week of August to last-week of October.
Ageing: No
Alcohol: 13.5% vol.

VINTAGE
The 2019 growing year can be defined as having been very dry, with rainfall 23% lower than average. As for temperatures, it should be noted that it was generally a warmer year without frost, especially during the summer months. The harvest began on 27th August with the Chardonnay and Pinot Noir varieties, and ended on October in Secastilla, our most northern vineyard. There were 43 long days of harvest, something usual in Somontano due to the range of varieties, soils and altitudes that we have. The 2019 harvest was staggered and with hardly any problems, due in part to the lack of rainfall, so there was exceptional sanity in all varieties. As a result, the wines from this vintage are structured, tasty and with a very interesting concentration of aromas, in which each variety has been able to frankly express its typicality.

VINEYARD
Our Garnacha and Syrah vineyards were planted in an area at an altitude of 470-550 metres above sea level with a northeast–southeast orientation. This orientation allows maximum sun exposure in the morning and early afternoon during the summer months. This is ideal as it allows for the photo-synthesis of the vines whilst at the same time protecting them from the afternoon sun that, in our latitudes, is harmful for the quality of the fruit. The soils are loamy with a deep clay texture. The vineyard has good light and air circulation with day/night temperature shifts, during both fruit set and maturation stages. These climatic conditions favour the biosynthesis of tannins, antocians and aromatic forerunners in the berry skin and limit the incidence of pests and diseases.

WINEMAKING
On this occasion the Syrah harvest took place in the second week of September, whereas the Garnacha grapes were picked in the first week of October. In both instances the grapes were chilled to 8ºC and the must macerated on its skins for three days prior to starting alcoholic fermentation, for which the temperature was kept under 25ºC. Once fermentation had completed the fermented pulp and skins were removed and pressed then, after the natural decanting processes, the blend of the two wines was made. Lastly, the Viñas del Vero Garnacha Syrah was filtered and bottled.

WINEMAKER'S NOTES
The wine is distinctly purple, reflecting its youthfulness and the care with which it has been made. The aromas are fresh and full of familiar sensations that bring to mind red and black fruits and even flowers. On the palate, the wine is gentle at first, then clean, fresh again, flavoursome and appealing. This is undoubtedly a wine that can be enjoyed at any time.

SERVING SUGGESTIONS
This is a wine to enjoy cool, at about 14ºC, either on its own or to accompany light, informal or simply cooked dishes.

VIÑAS DEL VERO
CHARDONNAY

Vintage: 2020.
Denominaton of Origen: Somontano.
Varieties: 100% Chardonnay.
Date or harvest: End of August
Ageing: No
Alcohol: 13,5% vol.
Ph: 3,47.
Acidez total: 5,40 gr/l (tartárico).
Azúcar residual: 4,50 g/l.
CONTAINS SULPHITES

VINTAGE
The 2020 agricultural year in DO Somontano has been very rainy with 700mm of rain in comparison with the 75 year average of 513mm, which is a 36% total increase. The temperatures have been average with similar levels over the summer to recent years. The harvest began on the 18th August and started with Chardonnay, finishing on the 6th October with Garnacha in Secastilla. The harvest was nicely staggered, with good weather and no rain.

VINEYARD
The vineyards we use to elaborate our Viñas del Vero Chardonnay are situated on a hill with an average height of 400m above sea level and North-South orientation. The soils are frank, white gypsum, little depth with low fertility where the older plants should look for nutrients in the deeper parts. The leaves and bunches receive a high amount of light due to the white colour of the soil. The different Chardonnay clones that Viñas del Vero planted nearly a quarter of a century ago grow quickly with a high amount of foliage supported by modern trellises which catch the sunlight for the leaves, and at the same time protect the bunches in order to preserve their delicate aromas.

WINEMAKING
The Chardonnay vintage began at dawn, end of August, at its optimum point of maturity. As the bunches were in impeccable health we were able to work slowly in the winery, giving the must the benefit of macerating on its skins so as to develop richer aromas and flavours. We then drained the maceration tank and fermented the free-run juice separately to produce the wine that is being released now. After being filtered the wine was bottled in the third week of November.

WINEMAKER'S NOTES
In the visual phase, it shows a bright yellow color of medium intensity and green iridescense. On the nose it displays powerful, expressive and appealing aromas, primarily of citrus and exotic fruits such as pineapple, banana, mango and guava. This is without a doubt, a well structured wine. Intense and rounded, a reflection of the deep roots of Chardonnay in our land and a result of its long story.

SERVING SUGGESTIONS
Should be served between 8 and 10ºC with all types of starters, salads, creams, quiche and fish.

The harvest began on the 18th August and started with Chardonnay, finishing on the 6th October with Garnacha in Secastilla. The harvest was nicely staggered, with good weather and no rain..

VINEYARD
The vineyards from which the white varieties for Viñas del Vero Macabeo Chardonnay are harvested were planted between 1988 and 2000. They have an altitude of between 350 and 450m above sea level and a North-South orientation. The soils are Miocene, frank-sandy and very stony.

WINEMAKING
We started picking the Chardonnay grapes on 27th August and harvested the Macabeo during the week of 16th September. The two varieties were vinified separately but in the same way. First, the grapes were crushed lightly, then they were chilled, the musts were macerated on their skins and lastly the much prized free-run juices drawn off, using nothing but gravity. These alone were fermented, separately, for seven days at a temperature that was not allowed to rise above 16ºC. The blend was made in November and the finished wine stabilised by chilling. Last of all, the wine was bottle at the end of November.

WINEMAKER'S NOTES
In terms of its appearance, Viñas del Vero Macabeo–Chardonnay is bright, luminous and attractive. It displays a broad, complex palette of aromas: a fine balance of fruit, flowers and herbs that are echoed on the palate. Smooth, clean and elegant in the mouth, this a balanced, silky, easy to drink and particularly flavoursome wine.

SERVING SUGGESTIONS
This wine should be served at between 6 and 8ºC, either on its own or with pre-dinner snacks, starters, salads, seafood, fish and light dishes.

The harvest began on the 18th August and started with Chardonnay, finishing on the 6th October with Garnacha in Secastilla. The harvest was nicely staggered, with good weather and no rain.

VINEYARD
The vineyards where the grapes used to make this wine are grown were planted between 1992 and 2001 and lie near the Vero River at altitudes that, courtesy of the particular lie of the land in Somontano, range from 375 and 525 metres above sea level. The soils are loam and sandy loam and the vineyards face North-South.

WINEMAKING
The Merlot and Cabernet Sauvignon vineyards were harvested six weeks apart. In both instances the weather and the winemaker's patience led to the fruit ripening perfectly. After the grapes were destemmed and crushed they were chilled down to 7ºC and left to macerate for three days prior to alcoholic fermentation beginning. After being drawn off each of the wines was racked three times before the two were blended together. The blended wine was then transferred to American oak barrels to age for four months. In April of 2019 the wine was drawn off the barrels then filtered and bottled.

WINEMAKER'S NOTES
The wine is medium intensity with a violet rim. On the nose it displays a very clean expression of the aromas, which are released very quickly and include, most notably, ripe black fruit and toasted dried fruits. On the palate it is mild at first then becomes pleasantly smooth and full, releasing a very enjoyable flavour with a long finish. This is a very versatile wine that can be enjoyed at any time and on any occasion.

SERVING SUGGESTIONS
This is a wine that can be equally enjoyed on its own or to accompany starters, meat, light dishes and fish. It is best served at between 13ºC and 15ºC.

ROUND, STRUCTURED AND WELL BALANCED

DOM POTIER WINERY is situated in Sant Sandurni d'Anoia, in the highest point of the region Espiells, 250m above sea level. Higher altitudes contribute to a slower maturation of the grape producing wines with higher acidity, which makes the situated of the estate ideal for aged cavas. Protected from the cold winds of the Pyrenees by the Montserrat mountains and in the South by the Serrelada coastline, the vineyard enjoys a Mediterranean climate with important changes in temperature between day and night which favours a greater concentration of aromas of the fruit.

DOM POTIER

Wine was invented 6,000 years before the birth of Christ, but it was monks who largely preserved viniculture in Europe. Religious orders such as the Benedictines became expert winemakers. For 500 years the Benedictines dominated the wines of virtually every modern-day appellation. As monks acquired more lands and planted more vines, their vinification techniques evolved. From very early on, wines from different regions were recognised for their specific characteristics and parcels including Sant Sadurni d'Anoia, the capital of the Cava Denomination of Origin in the heart of Catalonia. One of the pioneers in the "traditional method" of making sparkling wine, was a Benedictine monk of French origin who lived in Penedes during the 19th century and great lover of the sparkling wines whose name now adorns this bottle: Dom Potier

VINEYARD FEATURES

The winery is situated in Sant Sandurni d'Anoia, in the highest point of the region Espiells, 250m above sea level. Higher altitudes contribute to a slower maturation of the grape producing wines with higher acidity, which makes the situated of the estate ideal for aged cavas. Protected from the cold winds of the Pyrenees by the Montserrat mountains and in the South by the Serrelada coastline, the vineyard enjoys a Mediterranean climate with important changes in temperature between day and night which favours a greater concentration of aromas of the fruit. The grape varieties planted are Chardonnay, Macabeo, Xarel.lo, Parellada, Garnacha and Pinot Noir being the first winery to plant Pinot Noir in the region in 1991. The winery was among one of the first wineries in the area to adopt Precision Viticulture. This consists of finding the balance between the quantity of grape and exposed area (canopy management) and treating each grape individually in order to achieve optimum maturation of the grape.

WINEMAKING

The Macabeo, Parellada and Xarel.lo grapes are all fermented separately in stainless steel tanks. After the first fermentation they are blended and bottled for the second fermentation in bottle. The wine is aged in bottle for 12 months prior to disgorgement.

WINEMAKER'S COMMENTS

Pale yellow colour with green tones. Fine and expressive bubbles. Powerfull nose with aromas of apples and pears and slight toasted notes due to its ageing period. Round, structured and well balanced.

PAIRING RECOMMENDATION

Great with seafood or as an aperitif.

AN ADVENTURE TO NEW FLAVOURS

PARAGON

In a few words, PARAGON is a human adventure which aims to discover new tastes that give rise to a new generation of cordials made from single rare botanicals.
During the last few years, Monin have been exploring remote locations around the globe to find flavour treasures (peppers for the first chapter).
With Alex Kratena, Monin have designed a new path to showcase flavours never before imagined (CO2 supercritical & gluconic acid association) to offer genuine profiles with a super long lasting effect.

JTW NEWS

Dear Valued Customers,

At J.T.W., we deeply appreciate your continued support as our esteemed partners in the vibrant beverage industry.

Over the past year, despite our efforts to combat inflation and keep prices competitive, escalating delivery costs necessitate an adjustment to our Minimum Order Amount (MOA) for free delivery to Hong Kong Island areas, increasing from $800HKD to $1000HKD per order, effective 1st Jan 2024 (Kowloon and NT areas MOA remain the same). This decision, made with reluctance, is crucial to sustaining our commitment to quality service amid rising operational expenses.

J.T.W. remains dedicated to delivering excellence without compromising your experience. We apologize for any inconvenience and genuinely thank you for your understanding as we navigate these challenges together.

尊敬的客戶：
在J.T.W.，我們深感謝您一直以來在飲料行業中對我們的持續支持，您是我們尊敬的合作夥伴。儘管過去一年我們竭盡努力應對通脹，保持價格競爭力，但由於遞送成本不斷上升，我們不得不調整我們的免費送貨至香港島區域的最低訂單金額（MOA），由每單800港幣調整為1000港幣，生效日期為2024年1月1日（九龍和新界地區的最低訂單金額保持不變）。這一決定對於在不斷上升的運營開支中保持我們對優質服務的承諾至關重要。
J.T.W. 仍然致力於提供卓越服務，冀望不會影響到您的體驗。我們為帶來的任何不便深感歉意，並衷心感謝您在我們共同應對這些挑戰時的理解。誠摯感謝，

Thank you for your attention.
