YOUR ONE STOP SPIRITS SUPPLY

JTW NEWS

Dear Valued Customers,

At J.T.W., we deeply appreciate your continued support as our esteemed partners in the vibrant beverage industry.

Over the past year, despite our efforts to combat inflation and keep prices competitive, escalating delivery costs necessitate an adjustment to our Minimum Order Amount (MOA) for free delivery to Hong Kong Island areas, increasing from $800HKD to $1000HKD per order, effective 1st Jan 2024 (Kowloon and NT areas MOA remain the same). This decision, made with reluctance, is crucial to sustaining our commitment to quality service amid rising operational expenses.

J.T.W. remains dedicated to delivering excellence without compromising your experience. We apologize for any inconvenience and genuinely thank you for your understanding as we navigate these challenges together.

尊敬的客戶：

在J.T.W.，我們深感謝您一直以來在飲料行業中對我們的持續支持，您是我們尊敬的合作夥伴。儘管過去一年我們竭盡努力應對通脹，保持價格競爭力，但由於遞送成本不斷上升，我們不得不調整我們的免費送貨至香港島區域的最低訂單金額（MOA），由每單800港幣調整為1000港幣，生效日期為2024年1月1日（九龍和新界地區的最低訂單金額保持不變）。這一決定對於在不斷上升的運營開支中保持我們對優質服務的承諾至關重要。

J.T.W. 仍然致力於提供卓越服務，冀望不會影響到您的體驗。我們為帶來的任何不便深感歉意，並衷心感謝您在我們共同應對這些挑戰時的理解。誠摯感謝，

Thank you for your attention.

敬請留意。

A GIN LIKE NO OTHER

BROCKMANS is like no other gin.
It is intensely smooth with a soft, fruity character derived from the carefully selected botanicals used in distillation. Italian juniper berries provide pine, lavender and camphor notes. Spanish lemon and orange peel add zesty citrus. But the unique use of dried wild blueberries and blackberries give Brockmans its most distinctive flavour.

SELECTED CARIBBEAN RUM

Barbuda is a small island located in the Eastern Caribbean forming part of the sovereign Commonwealth Nation of Antiqua and Barbuda. The island lies between the Caribbean Sea and Atlantic ocean and is an exotic and luxurious destination. Here you will find a rich history to explore and some of the world's finest rums.

History of rum production dates to late 1700s when sugarcane was first introduced to the island and quickly became the main crop produced on its plantations. Sugarcane by products, such as molasses or sugarcane juice, are the primary ingredients in the production of rum by a process of fermentation and distillation.

Barbuda Rum is an original blend of finest Caribbean rums enriched with different spices.

BY LAUNCHING ROOSTER ROJO MEZCAL WE STEP INTO ANOTHER LEVEL OF ROOSTER ROJO BRAND DEVELOPMENT. WHILE TEQUILA IS WIDELY AVAILABLE GLOBALLY, MEZCAL IS IN ANOTHER LEAGUE AND IS BEING SOLD IN VERY SMALL QUANTITIES; THERE IS NO INDUSTRIAL PRODUCTION FOR THIS SPECIAL LIQUID. ALMOST 100% OF ALL MEZCAL PRODUCTION IS CRAFT PRODUCTION, USING TRADITIONAL PRODUCTION METHODS - THE TAHONA WHEEL (PICTURED) AND LOTS OF MANUAL LABOUR.

MEZCAL IS PURE TRADITIONAL DRINK FROM RURAL MEXICO. THE PUREST YOU CAN GET IN TERMS OF AUTHENTICITY AND HISTORICAL PRODUCTION TRADITIONS, PASSED ON FROM GENERATION TO GENERATION. IT HAS THE CLOSEST CONNECTION WITH PEOPLE, WHO HAVE BEEN HAND-MAKING IT FOR YEARS, ACCORDING TO THEIR OWN TRADITIONS AND KNOW-HOW. IT IS THE PUREST EXPRESSION OF THE DRINK, REVEALING THE CORE, THE SOUL OF MEXICO.

IT IS NO SURPRISE THAT ROOSTER ROJO MEZCAL IS PRODUCED AT LOPES SOSA PALENQUE WHICH WAS ESTABLISHED BY THE FATHER OF OUR MASTER DISTILLER. NOW HE IS STEPPING INTO THE PRODUCTION PROCESS ON HIS OWN, WITH ROOSTER ROJO BEING HIS FIRST INDEPENDENTLY DEVELOPED BRAND.

THE LIQUID IS MADE USING TRADITIONAL UNDERGROUND OVENS TO COOK THE AGAVES. COPPER POT STILLS, SEALED WITH LOCAL CLAY ARE USED FOR THE DISTILLATION OF THIS PRECIOUS ARTISANAL LIQUID. OPEN WOODEN VATS, COVERED WITH AGAVE FIBRES, ARE USED FOR FERMENTATION.

MEZCAL IN TRADITIONAL MEXICAN CULTURE IS A SPECIAL DRINK. PRODUCED IN SMALL QUANTITIES IN A TRADITIONAL MANNER, IT IS KEPT TO CELEBRATE OR MARK VERY SPECIAL AND IMPORTANT FAMILY OCCASIONS SUCH AS WEDDINGS, BIRTHS, DEATHS, FAMILY REUNIONS AND OTHERS. IT IS A PART OF NATURAL LIFE CYCLE OF PEOPLE LIVING MAINLY IN COMMUNITIES IN THE HARSH AND MOUNTAINOUS SURROUNDINGS OF SOUTHERN MEXICO. AS A DRINK, IT IS A GIFT FROM THE SUN, AS THE ENERGY WHICH WAS CAPTURED BY THE AGAVE PLANTS OVER MANY YEARS IS RELEASED IN A PURE LIQUID EXPRESSION. THAT IS WHY IT CAN NOT BE CONSUMED IN A RUSH, BUT WITH RESPECT ENSURING THAT PEOPLE ENJOY EVERY SIP OF IT, UNDERSTANDING HOW MUCH WORK, LOVE AND CRAFTSMANSHIP ARE NEEDED TO CREATE EVERY DROP OF THIS WONDERFUL GIFT FROM MOTHER EARTH.

SOLERA

Type: Solera
Denomination of Origin: Brandy
Grape Variety: 100% Airen
Ageing:
Average of one year in American oak following the traditional criaderas and solera system.

ABV: 36 % vol.
Non-alcohol Coefficient:
More than 150mg/100ml abs. alc.
Dry extracts: 11 g/l.
Residual sugars: 10 g/l.

MADE OF RIGHT MOMENTS, AT RIGHT PLACES

Soberano and its vineyards irrigated by the waters of the river Tajo as it passes through the thousand-year-old city of Toledo are not just a symbol of historic identity and of a culture that has endured for centuries and generations but are also the result of a high-yield crop that boasts a pioneering planting system and the application of high technology to deliver efficient use of water.

The process of carefully distilling the wine is carried out in copper stills in our own distilleries in Tomelloso, the cradle of the noble art of distilling. There, our distillers apply the same age-old knowledge acquired by the grand masters to extract the soul from the wine.

When the eau-de-vie, known as Hollanda, arrives at the González Byass winery, it is given a red carpet welcome and placed in butts that have previously contained Tio Pepe. These are extremely highly valued Sherry Casks and have been used for ageing quality spirits for over 100 years.

In the quiet of the González Byass cellars and following the traditional criaderas and solera system, the wine will very gradually turn into the exceptional Soberano Solera brandy.

MASTER DISTILLER'S COMMENTS.

The influence of the Tio Pepe fino with which these GB Sherry Casks are seasoned to make Soberano imbues the brandy with exceptional aromas and flavours, whilst it also displays a deep amber colour with carob tints. On the nose it is aromatic, with touches of oak and nuts that are reminiscent of sherry. On the palate, it is rounded, smooth but also has body and reveals clear notes of vanilla for a pleasant finish.

The Spirit of Spain.

Soberano represents the "spirit of Spain", the finest features of the vine in a glass, whilst with a hundred years of history behind it, its flavour speaks of landscapes, gastronomy and traditions... and, above all, of the lifestyle of Spain and its people.

Enjoy it in your favourite cocktail of with your favourite mixer, or neat on the rocks.
It will take you back to the best times you have ever had.

In the quiet of the cellars and following the traditional criaderas and solera system, the Hollandas will very gradually turn into the exceptional Soberano Gran Reserva brandy.

MASTER DISTILLER'S COMMENTS.

Soberano 12 ages in GB Sherry Casks that have been lovingly seasoned with sweet oloroso from exceptional soleras for 12 years. The result is a sublime Gran Reserva Brandy that is an elegant carob colour with deep coppery and amber tones. It displays intensity and gravitas on the nose, with a wealth of subtleties. Aromas are of oak and nuts with balsamic notes that are very typical of this brandy. On the palate it brings to mind honey and jelly, with elegant flavours and a slightly velvety feel.

MASTER DISTILLER'S COMMENTS.

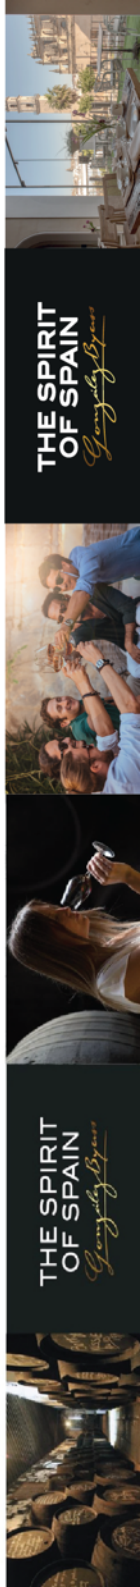

Season our GB Sherry Casks with Oloroso is a determining factor in creating the special character of Soberano 5. Deep shades of old gold with reddish hues denote a certain age. On the nose, it displays sweet notes of toasted caramel and hardwood. On the palate it is rounded and smooth with distinct, balanced hints of sweetness, long on the finish and reveals a clear sherry character.

A REVIVAL OF THE ITALIAN CLASSIC RATAFIA

The origin of Ratafia goes back to the Piedmont region dated back around 1600, first created by the Cistercian friars who spread it throughout Italy and especially in Abruzzo.

The Ratafia spread enormously for use in propitiatory or sealing rites for the successful outcome of commercial transactions or signing of agreements.

Known as the liqueur of the notaries who concluded the stipulations with the phrase "ut rata fiat," which means the deed be ratified.

FORTIFIED WINEMAKER OF THE YEAR

ELEGANTE FINO SHERRY 75CL

$115

JTW-AP3405

JTW-AP3406

The Sherry triangle, made up of Jerez de la Frontera, El Puerto de Santa Maria and Sanlucar de Barrameda, has a unique microclimate influenced by the surrounding Atlantic Ocean and Guadalquivir and Guadalete rivers.

Production is dominated by the Palomino variety, and vines are planted in the white Albariza soil, with high chalk content which is excellent for retaining moisture.

All sherries are aged following the traditional Solera system where the wines are blended in 600 litre American oak casks.

DISCOVER RARE & DARING NEW FLAVOURS

For this new chapter, we have traveled back in time to discover the origins of the quest for wisdom and spirituality of our civilizations. This odyssey had led us to the family of precious fragrances, particularly balsamics (Vetiver, Labdanum and Palo Santo), used throughout history to unite the visible to the invisible and reconnect humans to their inner selves. We have selected these three intoxicating treasures of nature to give you access to a subtle, quasi-mystical and unique sensory experience.

SOMONTANO

Somontano, literally meaning 'under the mountain', is a little known but breath-takingly beautiful area of Northern Spain, nestling in the foothills of the Pyrenees that form the border with neighbouring France.
Dramatic canyons, and gushing rivers in deep ravines. Medieval villages and lonely monasteries atop rocky hilltops.
To say it is an area of dramatic contrasts is an understatement, both in its landscape and its wines.

JOHNNY Q.

2021 SOUTH AUSTRALIA SHIRAZ

Approachable, easy going and versatile, Johnny Q will suit any occasion! "You just can't take life too seriously"... is Winemaker John Quarisa's motto. John draws on extensive experience to deliver Johnny Q, a range which encapsulates his love for life. You will find this wine is a perfect accompaniment with fun times and lots of laughter. Enjoy with good friends and family.

Winemaking and Viticulture

The grapes were picked between 13.5 to 14.0 Baume to produce the fruit flavours that are required to make this great wine. The grapes were fermented in a mixture of vessels to produce as much colour and flavor as possible. Portion of the wine underwent oak during fermentation and once dry, the remaining went to oak until the right balance was achieved. Careful tasting and blending, by our winemaker, help produce this wine of style and great value for money.

Tasting Comments

Intense red with purple hues. Intense youthful fresh ripe berry fruit flavours with some well integrated oak. Full bodied dense ripe berry fruit flavours balanced with vanillin oak but yet long and smooth. Serve with red wine casserole or a juicy steak with red onion jam. This wine has the flavour, structure and balance to be enjoyed now or offers added satisfaction from further cellaring.

Winemaking and Viticulture

The Sauvignon Blanc fruit was harvested and crushed directly to the press, where only the free run juice was selected. After a period of cold settling the juice was racked, warmed and fermented using a specially selected aromatic yeast, chosen to accentuate the primary fruit characters. Each parcel of fruit was treated individually and blended just prior to bottling.

Tasting Comments

Pale straw with light green hues. Vibrant intense aromas of fresh lime nestled with pink grapefruit . Bright and attractive notes of lime and gooseberry on the palate making this a tantalizing Sauvignon Blanc, culminating into a pure acidity finish. This wine is an ideal accompaniment to seafood, Thai and Vietnamese dishes. For immediate enjoyment, however, the wine will continue to soften with more complexity over the next 2 to 3 years.

30 MILE

2024 SOUTH EASTERN AUSTRALIA CHARDONNAY

Wistful willows line the banks of the waters of 30 mile whose currents and local affection run deep. If you listen carefully 30 mile whispers of those who have sheltered in the shade and splashed and squealed in its rapid waters. Relax, relish and enjoy ... relinquish yourself to the 30 mile.

Winemaking and Viticulture

Grapes were picked during the cool of the night to help preserve the cool climate flavours of the fruit. The juice was separated quickly, left to settle and then fermented cool with special yeast to allow the release of extra citrus and mineral fruit flavours. Portion of the wine was fermented in old French oak barrel and left for 6 months until blending and bottling. Careful tasting and blending, by our winemaker, help produce this wine of style and great value for money.

Tasting Comments

Youthful pale yellow with green hues. Fresh lifted fruits of citrus, peach and tropical fruit with subtle well balanced spicy oak. Medium bodied wine with cool climate flavours of citrus, lemon and peach with a long and crisp finish. Excellent partner to all types of seafood and white meats such as chicken. This wine has the flavour, structure and balance to be enjoyed now or offers added satisfaction from further cellaring.

ROUND, STRUCTURED AND WELL BALANCED

DOM POTIER WINERY is situated in Sant Sandurni d'Anoia, in the highest point of the region Espiells, 250m above sea level. Higher altitudes contribute to a slower maturation of the grape producing wines with higher acidity, which makes the situated of the estate ideal for aged cavas. Protected from the cold winds of the Pyrenees by the Montserrat mountains and in the South by the Serrelada coastline, the vineyard enjoys a Mediterranean climate with important changes in temperature between day and night which favours a greater concentration of aromas of the fruit.

DOM POTIER

Wine was invented 6,000 years before the birth of Christ, but it was monks who largely preserved viniculture in Europe. Religious orders such as the Benedictines became expert winemakers. For 500 years the Benedictines dominated the wines of virtually every modern-day appellation. As monks acquired more lands and planted more vines, their vinification techniques evolved. From very early on, wines from different regions were recognised for their specific characteristics and parcels including Sant Sadurni d'Anoia, the capital of the Cava Denomination of Origin in the heart of Catalonia. One of the pioneers in the "traditional method" of making sparkling wine, was a Benedictine monk of French origin who lived in Penedes during the 19th century and great lover of the sparkling wines whose name now adorns this bottle: Dom Potier

VINEYARD FEATURES

The winery is situated in Sant Sandurni d'Anoia, in the highest point of the region Espiells, 250m above sea level. Higher altitudes contribute to a slower maturation of the grape producing wines with higher acidity, which makes the situated of the estate ideal for aged cavas. Protected from the cold winds of the Pyrenees by the Montserrat mountains and in the South by the Serrelada coastline, the vineyard enjoys a Mediterranean climate with important changes in temperature between day and night which favours a greater concentration of aromas of the fruit. The grape varieties planted are Chardonnay, Macabeo, Xarel.lo, Parellada, Garnacha and Pinot Noir being the first winery to plant Pinot Noir in the region in 1991. The winery was among one of the first wineries in the area to adopt Precision Viticulture. This consists of finding the balance between the quantity of grape and exposed area (canopy management) and treating each grape individually in order to achieve optimum maturation of the grape.

WINEMAKING

The Macabeo, Parellada and Xarel.lo grapes are all fermented separately in stainless steel tanks. After the first fermentation they are blended and bottled for the second fermentation in bottle. The wine is aged in bottle for 12 months prior to disgorgement.

WINEMAKER'S COMMENTS

Pale yellow colour with green tones. Fine and expressive bubbles. Powerfull nose with aromas of apples and pears and slight toasted notes due to its ageing period. Round, structured and well balanced.

PAIRING RECOMMENDATION

Great with seafood or as an aperitif.
