Zubrowka, the legendary Polish vodka, is pure, unique and authentic because for centuries it was made of ingredients from Bialowieza Forest. Over 500 years-long tradition of hand picking, sifting and desiccating is the source of Zubrowka's Bison Grass unique flavor. Intricate production process curing which vodka matures in oak barrels with bison grass macerate culminates with inserting, always by hand, a blade of grass in each and every bottle.

NOTES :

BROCKMANS is like no other gin.

It is intensely smooth with a soft, fruity character derived from the carefully selected botanicals used in distillation. Italian juniper berries provide pine, lavender and camphor notes. Spanish lemon and orange peel add zesty citrus. But the unique use of dried wild blueberries and blackberries give Brockmans its most distinctive flavour.

Cantera Verde was born in the land of mezcal, black mud and alebrijes - the original region of Zapotecan culture.

Cantera Verde proudly represents the warm land of Oaxaca. Juniper and Cardamom flavors are mixed in this crisp liquid, which then rest for a short time in Mezcal casks. The result, a fresh gin with an incredible storytelling and distinctive Green Agave flavor.

Allude to the famous green quarry of Ixcotel.
Cantera Verde is Oaxaca in a bottle.

The origin of Ratafia goes back to the Piedmont region dated back around 1600, first created by the Cistercian friars who spread it throughout Italy and especially in Abruzzo.

The Ratafia spread enormously for use in propitiatory or sealing rites for the successful outcome of commercial transactions or signing of agreements.

Known as the liqueur of the notaries who concluded the stipulations with the phrase "ut rata fiat," which means the deed be ratified.

The Sherry triangle, made up of Jerez de la Frontera, El Puerto de Santa María and Sanlúcar de Barrameda, has a unique microclimate influenced by the surrounding Atlantic Ocean and Guadalquivir and Guadalete rivers. Production is dominated by the Palomino variety, and vines are planted in the white Albariza soil, with high chalk content which is excellent for retaining moisture.

All sherries are aged following the traditional Solera system where the wines are blended in 600 litre American oak casks.

Familia de Vino

Somontano,
literally meaning 'under the mountain',
is a little known but breathtakingly
beautiful area of Northern Spain,
restling in the foothills of the Pyrenees
that form the border with neighbouring
France.

Dramatic canyons, and gushing rivers
in deep ravines.

Medieval villages and lonely
monasteries atop rocky hilltops.

To say it is an area of dramatic
contrasts is an understatement, both in
its landscape and its wines.
